Bachelor of Software Engineering, Amman Arab University	2020 – 2024
--	-------------

Certifications

- Software Web Development** — Issued by Cambridge College, 2022
- Full Stack Software Development** — Issued by Orange Company, 2025
- Completion of 80 H Full Stack Development Training** — Issued by Digital Opportunity Trust Jordan, 2023
- React - The Complete Guide** — Issued by Academind, 2025

Soft Skills

- Communication
 - Multitasking
 - Mentorship & Knowledge Sharing
- Detail-oriented
 - Teamwork
 - Time Management & Prioritization

Technical Skills

- React
 - Next.js
 - Angular
 - Tailwind CSS
 - SCSS
 - SOLID Principles
- Node.js
 - Nest.js
 - Express.js
 - Strapi CMS
 - Design Patterns
 - Agile
- PostgreSQL
 - MongoDB
 - WebSockets
 - GraphQL
 - Git
 - Multi-Tenant Architecture
- TypeScript
 - JavaScript
 - Html
 - CSS
 - SEO
 - Responsive Design

Projects

- Multi-Tenant Café Platform (SaaS)**

07/2026
- Built with Next.js (App Router, TypeScript), React, Prisma & PostgreSQL, NextAuth (JWT, role-based), next-intl (EN/AR), Tailwind CSS v4, Cloudinary, Zod.
- E-Commerce System**

07/2025 – 08/2025
- Built a full-stack social media application using React, Node.js, Express.js, MongoDB (MERN Stack), and Tailwind CSS.
- Movies App - Moonflex App**

05/2025
- Built a full-stack movie web application using Next.js (TypeScript), Redux, MongoDB, Node.js, and Tailwind CSS.
- Social Media App - ASK Platform**

12/2024
- Full-Stack Web Applications Using React, NodeJS, Express.js, and MongoDB, (MERN Stack) and Designed by Tailwind CSS with Authentication & Auto Login, Posts & Comments, User Profiles & Notifications
